

Biden: This is how we will unite:

For the last 4+ years, the Democrats have gone scorched earth.

You have salted the fields and now you want to grow crops.

The problem is we have memories longer than a hamster.

We remember the protests the day of/after inauguration.

We remember the 4 years of personal attacks and endless name calling

We remember “not our president” and the “Resistance...”

We remember being called racist and evil.

We remember Maxie Walters telling followers to harass Trump supporters in department stores and gas stations.

We remember the Presidents press secretary being chased out of a restaurant.

We remember hundreds of Trump supporters being physically attacked.

We remember Trump supporters getting Doxed, and fired from jobs.

We remember riots, and looting.

We remember “a comedian” holding up the President’s severed head.

We remember a play in Central park paid with public funding, showing the killing of Trump.

We remember de Niro yelling “Fuck Trump” at the Tony’s and getting a standing ovation.

We remember Trump being accused of being a Russian spy and the media going with it.

We remember Nancy Pelosi tearing up the State of the Union Address.

We remember how totally in the tank the mainstream media was in opposition.

We remember non-stop in your face lies and open cover-ups from the media.

We remember the MSM cabal in 24/7 Hate Trump broadcasts.

We remember the press not holding Dems responsible for anything, hiding anything negative.

We remember conservative voices neutered by Tech companies (Facebook, Google, Twitter).

We remember the partisan impeachment.

We remember the President and his staff being spied on.

We remember Republican congressmen shot on a ball field.

We remember every so-called comedy show turn into nothing but Trump hate fest.

We remember 95% negative coverage in the news.

We remember the state governors asking for and getting everything they wanted to address covid then blaming Trump.

We remember leftists threatening outside the homes of prominent Republicans.

We remember the attempted vile destruction of Brett Kavanaugh.

We remember people pounding on the Supreme Court doors.

We remember that we were called every name in the book for supporting President Trump.

We remember that many in Hollywood said they would leave after Trump was elected, but they stayed anyway.

We remember the hundreds of taxpayer funded police cars burnt during your ‘mostly peaceful’ demonstrations.

We remember our conservative voices being cancelled on major US campuses.

This list is endless, but you get the idea.

My friends will be my friends, but a party that has been attacking for 4 long years does not get a free pass with me. I will treat your president with the same respect you gave mine.
