Psychotic protester thinks it's okay to call for the rape of our new First Lady?

Anti-Trump protesters in Washington, D.C., crossed the line when no one seemed offended that a man was holding a sign that read "RAPE MELANIA."

The protest was held in front of President-elect **Donald Trump's** new hotel on Pennsylvania Avenue. The gorgeous new building has been the site of daily protests and repeated vandalism ever since Trump was elected on Nov. 8.

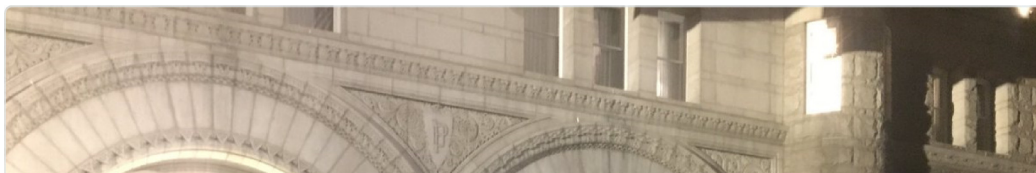

Ironically, most of the people who oppose Trump cite his alleged misogyny as a major reason for their hatred. But Trump never called for anyone to be raped.

Imagine the public outcry, media outrage, and cries of racism and sexism had a Trump supporter held a sign that read: "Rape Michelle Obama" or "Rape Hillary."

As violent anti-Trump riots head into Day 5, new evidence suggests the protests were staged by operatives paid to block traffic and hold up signs protesting Trump's duly elected presidency.

A slew of Craigslist ads posted online across Los Angeles, Chicago, New York and other big cities are offering up to \$1,500 a week for people to engage in "Stop Trump" (<http://www.bizpacreview.com/2016/11/13/staged-craigslist-ads-offer-1500-week-paid-anti-trump-protesters-411658>) movements.

SNL's Hillary sings 'Hallelujah' in an absolutely unexpected 'cold open' – and one VERY chilling remark (<http://www.bizpacreview.com/2016/11/13/snls-hillary-clinton-sings-hallelujah-absolutely-unexpected-cold-open-one-chilling-remark-411594>)

Job duties include “blocking traffic,” and tout “no previous experience required,” so it’s perfect for unskilled or otherwise unemployed workers.

Rumors are swirling that the anti-Trump protesters are being bankrolled by liberal billionaire activists like **George Soros** and groups like Moveon.org.

The protests and riots have caused millions of dollars in property damage and have resulted in innocent people getting brutally assaulted simply for supporting Trump.

In addition to the call for Melania Trump's rape, there have been numerous death threats against President-elect Trump and widespread vandalism. That's not "protesting." That's criminal activity.
